Foreword

¶ We pause for a while to view the many activities of the year, hoping that as you travel up the road through the years, a backward glance at the golden hours and familiar scenes of today will stir a poignant longing for half-forgotten beauty and joy that has fled--- this expresses our aim for compiling the 1928 McKendrean.

The

Dedication

to

Dean E. P. Baker

Because of his lofty ideals --- his intelligent sympathy --- his tactful administration --- his life-time devotion to the cause of McKendree College --- because of these and many more --- we love him.

"Libraries are as the shrines where all the relics of the ancient saints, full of true virtue, and that, without delusion or imposture, are preserved and reposed."—Bacon.

"Let it rise! Let it rise! 'Till it meet the sun in his coming; let the earliest light of the morning gild it, and the parting day linger and play on its summits."—Webster.

"The sight of such a monument is like continual and stationary music which one hears for one's good as one approaches it."—Alleen Wilson.

"But beyond the bright searchlights of science,
Out of sight of the windows of sense,
Old riddles still bid us defiance.
Old questions of Why and of Whence."
—W. C. D. Whetham.

Our McKendree

A College 'mid plains is standing, standing there from olden days.

The Pioneer of the prairies, first in untrodden ways,

For service and Christian culture, for efficiency she stands,

Her sons and daughters praise her, with voices, hearts and hands.

Hail to thee our dear old McKendree,

May we always loyal be,

It's a song of praise we'll raise to thee,

Alma Mater, dear old M.-C,

May we ever own thee true and wise and right,

Honor Purple and the White,

And for victory we'll always fight,

'Till we win for old M-C-K.

Enduring and strong she stands there, stands upon our College Hill,

Though others may outnumber, she holds the first place still,

For beauty and truth and knowledge, and for service without bound,

Then let us raise our voices, until the plains resound.

If we work upon marble, it will perish; if we work upon brass, time will efface it; if we rear temples, they will crumble into dust; but if we work upon mortal souls, if we imbue them with principles, with the just fear of God and the love of fellow man, we engrave on those tablets something which will brighten all eternity.

Juniors

Clifton Oxendine

McKendree was founded while Indians still roamed in Illinois. At the hundredth Anniversary, Clifton, who is a full-blooded Indian will receive his degree. He is president of our class this year.

Erle Todd

Erle is another one of the wise men who came to us from the East. The funny thing about Erle is his tired temperament. However, he had ambition enough to play football so well that he has been chosen to lead our Centennial team. Todd is an orator of rare ability and is president of our "M" Club.

Vernal Hardy

The tallest, slimmest boy on the Campus is Vernal Hardy. A capable fellow who drives a "mean" tennis ball. He is an honor student of the first rank. The McKendree Review and Bulletin are results of his tireless efforts.

Clifton Gould

Hurly is the "Iron-man" of the Class. Having won letters in football, track, and basketball, he is a wearer of the much coveted purple "M". Small, but mighty, he plays a hard game and plays it well. Hurly is not only an athlete, he is a leader in his Literary Society. Some of his famous mpromptus will never be forgotten.

Ping C. Liu

"Oh East is East and West is West and never the twain shall meet," except at McKendree in the Centennial Class. Liu comes from Fukein, China, to gain knowledge and American efficiency. He has received some of his most valuable knowledge from Bill Kratzer.

Charles Jack

The basketball court resounds with yells for Captain Jack. He was our high point man this year, and is known for his uncanny way of shooting from any position. Jack is also a letter man in baseball and football.

William Kratzer

Bill is the man who secured the money that has made this annual possible. As Business Manager he has done his work well. We often wonder why Bill is the butt of many of Prof. Kettlekamp's jokes in history class. Probably Prof. is aware of Bill's keen sense of humor.

Helen Douglass

The movies have their "Doug;" so has McKendree. Helen came all the way from Oblong to be graduated with the "Twenty Eighters." She is one in a million. If you don't believe it, ask John Hall.

Earl Hussong

Earl is the Classes' contribution to the McKendree Quartet. Huss' baritone voice must be heard to be appreciated. Thousands have heard him sing via the radio. Huss loves both music and Margaret.

Margaret Robinson

Lebanon also sent us Peggy. She has always helped the class. Five gallons of kerosene were spilled over ten bushels of apples when the upper classmen tried to get the eats from Peg's house on the night of the class party.

Ronald Mowe

Pete is a Lebanon product and a valuable one. He shines not only in class basketball. but also in tennis. He was a member of the tennis team that took third place in the State meet.

Eugene Smith

Although handicapped since he is rooming with Loy Wattles, Gene has made good This makes his second appearance upon McKendree debate teams. The walls of his Literary Society are replete with the pictures he has painted therein.

Sam Kotelly

We shall never forget the time Sam appeared in his Albanian costume and sang and recited poetry in his native tongue. He converses fluently in Albanian, Greek, and Turkish. Sam's ambition is to be president of Albania. Good luck Sam.

Ruth Henry

Ruth is the most dimunitive girl in our class. She is good proof of the saying, "Good things come in small packages." If Chick reads this I am sure he will say, Amen.

Philip Glotfelty

The Centennial Class started out with three from Herrin. Rocky is the survival of the fittest. Custodian of the bear, leader of yells and scrub football are chalked up against his name.

Paul Hortin

Down in the Hortin Heaven the melodious voice of Paul is heard. Paul sings first tenor on the Egyptian Quartet. He can always be counted upon when someone is needed to work for the school or the class. We think that he has finally found his ideal girl.

Golda Taylor

Among the Lebanon students, we find Golda with her friendly disposition and her ever-present smile. She has always taken a keen interest in all student activities and although she is very quiet and reserved, she is well-liked by all who know her.

Alfred Crossley

The greater part of Al's time is spent on the trolley going to McKendree and to his home in O'Fallon. He has tried Washington U, but likes McKendree better. The co-eds believe he is a woman hater. Don't be too sure girls!

Glenn Haskin

Jack likes the femmes and (not at all hard to understand after you look at him) they all like him, too. In Athletics Jack represents us in the two-mile run. We will never forget your performance in the Milliken meet, Jack. Keep up the good work!

Vivian Young

The "Young" Vivian, when not convincing Joe that she loves only him, can be found behind the librarian's desk. She is as versatile as the man from Pennsylvania. A member of the debate team, a reader supreme, a real Pal and a True McKendrean!

Clarence Brennan

Yes, Chick is Irish, and proud of it. Tell him a good Irish joke and you shall be convinced. No, he has not been in the Army. That military bearing is natural. Chick has one weakness—Woman. However, he can hold his own with her. He is a member of our debate team.

Robert Peach

When we think of the quotation, 'Still waters run deep," we think of Robert. You can depend on Bob's backing the team or any activity that is sound. His loyalty can be attributed to the fact that he hails from Lebanon and was reared in McKendree's atmosphere.

Mary Richards

Mary runs a close second to Ruth Henry in the diminutive race. She, too, is small and mighty. She is an assistant in Physics and a member of the debate team. Mary's name is always found upon the honor roll.

F. C. Brown

Brown is a believer in that motto, "If at first you don't succeed, try, try, again." He commenced his education in 1910 at McKendree. After completing his Academic work he accepted a position as pastor. He came back to McKendree and will be graduated in 1928.

Edna Kinsey

"Red" receives credit for all the drawings in our annual. She is in the midst of everything and is the life of our class. She hasn't an enemy on the hill. No, not even Colonel Luster. Besides being an artist and an author, "Red" represents us in debate.

Oliver Wahl

The ability to produce sweet strains from his violin has secured for Oliver a position upon our Faculty. Besides being instructor in violin, Oliver is our Orchestra Director and Leader of our Band.

Beulah Ruddick

Yes, Slats is interested in other activities besides Todd. Last Spring she represented McKendree in Extemporaneous Speaking. And this year she was a member of the debate team. A willing worker!

Joseph Guandolo

Joe was the fighting captain of our football team. He is the Editor-in-Chief of this Annual, and Captain of this year's debate team. No that isn't all. He catches on our baseball team, and is a good student. McKendree needs men like him!

Marion Kirkbride

Marion, who came to McKendree from the extreme Southern point of Illinois, has the inclination for teaching school, but we feel that she will "fall," sooner or later, and she then will engage in the gentle art of housekeeping. Marion has proved to be a good student although she is a "laughing, carefree maid."

Elza Cralley

As a student we take off our hats to you, Elza. Congratulations for winning the Scholarship Cup. You worked for it. "To the victor belong the spoils." May it be an inspiration to do greater things. Three cheers for Cralley!

Athletics

McKendree Coaches

Coach Glenn F. Filley, director of athletics at McKendree for the past two years has proven himself a capable leader.

In 1923, Coach Filley graduated from Missouri Wesleyan, where he gained recognition as an all-around athlete. Following his graduation he coached in the high school at Grand Island, Nebraska.

During his two years at McKendree his teams have ranked high in conference circles. Last year the grid team finished fourth in the conference, and the Purple track squad gained fifth place in the State meet.

With a number of new men expected next year to add to the letter-men returning, Coach Filley should again produce teams of high caliber.

Coach Everett Jordan, who has served as assistant to Filley, has played a large part in the Purple victories this year. His ability as a leader has put the Bear Cats in a fighting spirit when the morale was low. Coach Jordan had complete charge of the baseball team, and since a team of veterans will take the field in the opening game, the prospects for a winning team are good.

JOSEPH GUANDOLO—Captain
"Joe"

CONWAY, PENNA.

Joe not only acted captain during the 1926 season, but played like a captain. This was Joe's third year on the team, and he has another year to play. That means that very few plays will be pulled around right-end next year.

CAPT.-ELECT TODD, *Quarterback*

ERLE TODD, Captain Elect
CONWAY, PENNA.

The Centennials will have Todd for their captain, as he is the second of the Conway dynasty to lead the Bear Cats. Todd, who has played quarterback for the past three years, has all the qualities of a leader, and plays a hard, consistent game.

HAROLD KAESAR
"*Whitey*"
BELLEVILLE, ILL.

Kaesar's willingness to fight against larger men, overcame his handicap of being rather small, and he developed into the best line-plunger on the squad.

KAESER, *Halfback*

Football Summary

The McKendree Bear Cats suffered a larger number of defeats this year then they had in the entire two previous seasons. A lack of line-material to aid a fast, smooth working backfield proved to be too much of a handicap and, out of eight games played, six were reverses, one resulted in a tie and one was a Purple victory.

DELBERT LACQUEMENT
"Lacky"
COLLINSVILLE, ILL.

For the third time, Lacky has been awarded a football letter, and he still has another year in school. They simply aren't made with any more fight and "guts," and next year should be Lacky's best year.

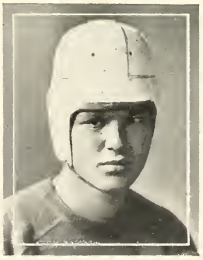
JOHN HALL
"Crow"
MT. VERNON, ILL.

After going through three years of school and not coming out for football, John came out and earned a letter, playing a good game at tackle.

LACQUEMENT, *Guard*

In the first game of the season with the strong Scott Field team, the Filley-coached machine showed prospects of a winning team. The Aviators were on the defensive during most of the game, but in the final period Booth made a place kick and McKendree was on the losing end of a 3-0 score.

The following game was against the formidable Rolla Miners eleven and after a hard fought game



HALL, *Lineman*

KOLESA, *Halfback*

STEPHEN KOLESA
"*Steve*"
EDWARDSVILLE, ILL.

Steve's specialty was a dash around end, and he made some long gains. The Bear Cat followers welcome Steve's return next year, as he should be a big factor during the Centennial campaign.

CHARLES JACK
"*Charlie*"
OPDYKE, ILL.

The basketball star thought he would try his hand at football, and much to his surprise, not only could he play a good brand of football but most of the time his work at the tackle and end positions was of a stellar character. Another year should see even greater improvement in "Charlie."

JACK, *Lineman*

the Miners were declared victors. Kolesa played his best game of the season against Rolla. Springfield, another Missouri team, defeated the Bear Cats in the best game of the year by a score of 10-0. On this occasion the Filleymen looked good even in defeat.

The first conference game against Lincoln saw the Bear Cats put up a brilliant game, and as a result the Railsplitters failed to score, while McKendree

CLIFTON GOULD
"Hurley"
MT. CARMEL, ILL.

Gould will be another letterman who will return to McKendree next year. All of his opponents will testify that Hurley hits hard and has a habit of spilling a man with the ball, on an end-run.

IDRIS CORNWELL
"Dudes"
NEWTON, ILL.

"Dudes" has well acquired the two main attributes of good punting—distance and height. His excellent drop-kicking and his "jack-rabbit" running ability won for him the full-back position. We expect much from this Newton freshman.

GOULD, *End*

crossed the opposing goal for 13 points. This was McKendree's twelfth conference victory in thirteen games played.

The Western Teachers met the local team in the midst of a slump, and easily won a victory, 25-0. The McKendree line seemed to be unable to cope with the Teachers' attack, and despite the fact that Guandolo spoiled many Macomb plays, the Bear Cats lost.

CORNWELL, *Fullback*

SHADOWEN, *Halfback*

EDWARD SHADOWEN
"Eddie"
CHRISTOPHER, ILL.

This quiet, unassuming, bashful Christopher boy required some time before he could adapt himself to college football. Finally he hit his stride and his fighting qualities on the defense—his clean-cut tackles—his never-give-up spirit—won for him his coveted "M". Eddie is sure to make regular half next season.

CLAIRE LUSTER
"Major"
GRANITE CITY, ILL.

Western Military Academy sent us one of their big soldier boys, and Coach Filley immediately set to work and made a plunging full-back out of him. The first half of the season found Luster in a guard position, but later his line smashing abilities were recognized by his shift into the backfield.

LUSTER, *Fullback*

Playing before the largest crowd in McKendree History, and against an old traditional rival, the Bear Cats dropped the Home-Coming game to Shurtleff, 26-0. The Pioneers played stellar ball in avenging their Homecoming defeat at the hands of the Filleymen in the previous season.

RALPH MITCHELL
"Mitch"
ROADHOUSE, ILL.

"Mitch's" railroad environment was possibly responsible for his speed and power. He was an express train in the open and a powerful locomotive when crashing through the opposing line. We can never forget his stellar work in the Lincoln game.

IRVIN NELSON
"Prof."
WILLIAMSVILLE, MO.

Irvin, who came from Missouri Wesleyan, made good from the start, and his experience and fight made him a dependable lineman.

MITCHELL, *Halfback*

NELSON, *Lineman*

A crippled team journeyed to Carthage and was over-powered by the heavy Omer crew, 38 to 0, in a battle played in a downpour of rain. The muddy gridiron favored the heavy opponents of the Purple although the score became very decisive as the game drew to a close.

OSBORNE, *Tackle*

ALVA OSBORN
"Slim"
GRAND CHAIN, ILL.

Old "Slim" with his split lip and his dogged persistence upheld the right side of the line. This big, lanky freshman was always the life of the trip—who can ever forget his songs?

HARRY LATHROP
"Heavy"
NEWTON, ILL.

The big boy from Newton was a consistent hard-hitting center, whose specialty consisted in crashing line-bucks. His passing was faultless throughout the year.

LATHROP, *Center*

The final game of the season proved to be an upset. The Carbondale Teachers were doped to beat the Bear Cats by three touchdowns, but when the final whistle blew the score was deadlocked 0-0. This game failed to furnish many thrills, probably due to bad weather conditions, the field being covered with two inches of snow.

CLAYTON BOITNOTT
"Tucky"
HERRIN, ILL.

The name of his home town should at least give a man enough inspiration to play football, and that is what Tucky did. This Herrin boy is only a freshman and should play several more hard games for McKendree.

BOITNOTT, *Tackle*

PAUL KNAUFF
"Whitey"
NEW BRIGHTON, PENNA.

Although beginning football practice rather late, Knauff soon was awarded a position in the line. The best way to describe him is thus: "He was a fighter."

KNAUFF, *Guard*

Coach Filley faced a real problem when practice began. Only five letter men returned to school and, since only two of these were linemen, a new line had to be built. The new material was good, but only coaching and experience can mould a winning team. Prospects for a strong eleven for the Centennial year are bright and the Bear Cats expect to take their place among the conference leaders.

The Basketball Season

CHARLES JACK—Captain
"*Charlie*"
OPDYKE, ILL.

Twisting, squirming, tearing, writhing, puffing, "Charlie" dribbles out of a mass of players and suddenly with a queer contortion, loops another of his sensational baskets. Besides being the high point man in the Conference, Jack is also the respected and well-liked leader of his team-mates.

Although the basketball season was not as successful as the previous one a number of interesting and closely-contested floor games were played. Nineteen games were staged during the season, eleven of which were conference games. Of these eleven, there were five victories.

The Bear Cat team was considered the smallest basketball aggregation in the "Little Nineteen" conference. However, the Bear Cats offset this "handicap" with their characteristic whirlwind style of game and fast floorwork.

The season opened with a listless game with the Werner-Werner team from St. Louis. This game merely exhibited the early season mistakes of the Filleymen, and the following game with the speedy Evansville quintet showed a decided improvement in the teamwork of the Bear Cats.

The work of the Bear Cats against the Rolla Miners was fast and accurate and Coach Filley and his men came out on the long end of a 32 to 24 score. The work of Captain Jack and Brown was particularly brilliant in this game.

In two closely-contested battles with the Springfield Teachers of Springfield, Missouri, McKendree was defeated. Returning to the home floor the Bear Cats were revenged by defeating the Teachers by one point. In the last two minutes of play Mayo Magill looped the winning basket.

McKendree broke even in their two game series with the Shurtleff Pioneers. The Bear Cats were defeated by a two point margin at Alton and on the home court the McKendreans annexed a victory by a wide margin. "Pup" Brown's scoring was a feature of this game.

Probably the best game of the season was played against McKendree's ancient rival, Southern Illinois Normal. Playing on foreign territory, the Bear Cats unleashed a powerful attack which netted 47 points and a victory for the Filleymen. On the return engagement, McAndrews' quintet copped the game with a last minute spurt.

This season ended the basketball careers of three stars, Wensel Brown, and the two Magills. Coach Filley will doubtlessly find difficulty in filling the two forward positions left vacant by Wensel Brown and Mayo Magill and the back guard position which is now open. However, Todd, Martin, and several other reliables will be of assistance to Coach Filley in the moulding of his centennial team.

MAYO MAGILL
"Mac"
GREENVILLE, ILL.

For the past four years one of McKendree's mainstays has been this quick, cat-like, wiry Greenville boy who was always on the go, who could always be depended upon to "loop 'em" when they were needed. In the person of Mayo Magill, we have lost one of the best forwards in the history of the school.

GUY MAGILL
"Cotton"
GREENVILLE, ILL.

Our cottonheaded backguard never knew that the English language had such a word as "Quit." From the first whistle to the last, "Cotton" was actively engaged in breaking up opposing plays, intercepting passes and at times even shooting a few baskets. "Beeson" ended his college basketball career by playing a "bang-up" good game.

EMERY MARTIN
"Mickey"
SUMNER, ILL.

Sumner High School sent us a well-built chap who came into his own during the latter half of the basketball season. It was only the fact that two extra good forwards were on the team that hindered "Mickey" from making a regular forward. We will see more of him in the year to come.

WENSEL BROWN
"Pup"
GRANITE CITY, ILL.

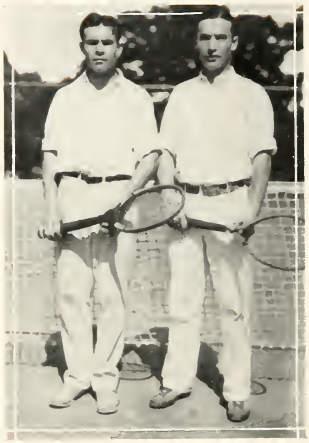
For three years our midget forward has effectively shouldered the responsibilities, of a burden much too great for many a bigger man. With his uncanny ability to dribble, his fast floor work and a keen eye for the basket, "Pup" has established a basketball reputation at McKendree which will long endure.

CLIFTON GOULD
Captain-Elect
"Hurley"
MT. CARMEL, ILL.

Although bigger men have handled the guard position at McKendree, no one has played it with as much fight, as much vigor and as much honest-to-goodness headwork as has our next year's captain. We expect Hurley to fill Jack's shoes in splendid fashion.

ERLE TODD
"Ashur"
CONWAY, PENNA.

The tall, handsome boy from the East, was called upon time and again to take over one of the guard positions. His stellar work assures him of a regular position next year.



Tennis

1926

The Purple tennis team broke even with Shurtleff's net team by winning from them at Alton, April 30, and losing one to them on the local courts, May 3. McKendree was represented by Allen, Mowe, Hardy and Grupe in these matches. In the "Little Nineteen" tennis meet at Jacksonville, Captain Glen Allen and Ronald Mowe won third place in the doubles. Allen also won third place in the singles at the state meet.

Track

1926

The 1926 Track Team was one of the strongest that ever represented McKendree. The season opened with the A. A. U. Indoor meet at the Coliseum in St. Louis, when the Bear Cat Relay team showed their heels to the fast Washington U. team. Later in the season in a track meet at St. Louis the Washington University team defeated McKendree 72½ to 27½.

In the James Miliken University track meet at Lebanon, the Bear Cats walked away with high honors, winning by a score of 70½ to 60½. Ray Goode was high point man, garnering first places in the javelin and shot put, and seconds in the discus throw and pole vault.

On May 13 the McKendree tracksters defeated Shurtleff College to the tune of 74 to 52, and the following week they placed fifth in the "Little Nineteen" Field and Track Meet held at Illinois College. Ray Goode broke the State javelin record for the third time with a throw of 192 feet 5½ inches.

Baseball

1926

After a slow start due to bad weather and a poor diamond, the baseball team came back strong and defeated Eden Seminary and Shurtleff College, after losing to St. Louis University, Western Military Academy, Concordia and Shurtleff. With the injury of Captain-Elect John Isom, Wensel Brown took charge of the team and acted as manager, captain and coach. The 1927 season finds a host of lettermen back, and the prospects for the coming season are very bright. Coach Jordan and Captain Brown are slowly molding an excellent team into shape.

Philosophian Literary Society

1837 – 1927

After a continuous service of ninety years devoted to the cause of literary training, the Philisophian Literary Society can view an unbroken record, survey a worthy accomplishment, and, in consequence, gain an inspiration for a glorious future It has written an enviable history and has never deviated from its original purpose. Through these eventful years it has furnished toilers in every noble sphere of human endeavor—many of whom have won distinction. In the World War two of Philo's sons made the supreme sacrifice for their country; namely, Glenn McCormack and Harold Adams.

A McCormack Memorial Fund is being established, the interest accruing from this forming an Annual Philo Scholarship at McKendree College. In the near future a similar Adams Memorial will be founded.

The meetings have been changed from Friday to Monday night, and, as a result of this alteration, an increased interest has been manifest by both old and new members.

Thus nonagenarian Philo again drinks deeply at the "Fountain of Youth," arises, and with a toss of his proud head throws back the hoary locks of passed glories, picks up the shield of determination upon which is emblazoned "Detur Digniori," unsheathes the keen sword of intellectual endeavor, and faces with a firm step the dawn of a new day!

The members of the Press Club publish the McKendree Review, a weekly publication, to which each student becomes a subscriber when he matriculates in the College. The Review is a member of the Illinois College Press Association.

Work on the Review offers an opportunity to the student who is interested in journalism and who desires practical experience. Any student submitting samples of work which are satisfactory to the editors-in chief and to the faculty advisor, Miss Zella V. Brown, of the English department, is eligible for membership in the Press Club.

It was the Club's good fortune this year that Joseph Hortin and Vernal Hardy were appointed editors of McKendree's paper, for the editorial column throughout the year has brought favorable comment to the publishers as well as praise for the editors.

Very few college papers have been able to publish a column containing the special features or the humor such as we find in that of Miss Edna Kinsey. Her consistent work has drawn much attention, and a large number of college papers have often found her work worth copying.

It is the wish of those who support McKendree College, that every new student will realize the part that the McKendree Review plays in advancing college ideals, in expressing student opinion, and in supporting every helpful organization on the campus.

The greatest orator, save one, of antiquity has left it on record that he always studied his adversary's case with as great, if not with still greater, intensity than even his own. What Cicero practiced as the means of forensic success, requires to be imitated by all who study any subject in order to arrive at the truth. He who knows only his own side of the case, knows little of that. His reasons may have been good, and no one may have been able to refute them. But if he is equally unable to refute the reasons on the opposite side, if he does not so much as know what they are, he has no ground for preferring either opinion. The rational position for him would be suspension of judgment, and unless he contents himself with that, he is either led by authority, or adopts, like the generality of the world, the side which he feels most inclination.—ON LIBERTY, BY JOHN STUART MILL.

The McKendree College Orchestra

The McKendree College Orchestra of this year consisted almost entirely of new members. In spite of a late start and numerous other difficulties, the members showed a fine spirit of co-operation and accomplished excellent work.

The purpose of the college orchestra is to provide an opportunity for ensemble playing for musicians at McKendree and to assist in the various public entertainments sponsored by the school.

Reviewing the work done by the new and old members this year, it is expected that the centennial year will find the McKendree College Orchestra bigger and better than ever.

The Oxford Club

Among McKendree's students have always been found a goodly number preparing for the ministry. One reason for the founding of the College back in 1828 was that Southern Illinois might have preachers with an educational training. Some years ago the organization known as the Oxford Club was started with the idea of providing for ministerial students a means for mutual improvement.

The meetings are held every two weeks and a variety of programs afford the student a chance to grow and develop a usefulness in the line of his chosen work. Look well at the above group. With the exception of the faculty members involved you are looking at future district superintendents, pastors of seven point circuits, and perhaps bishops.

Sigma Zeta

The Society of Sigma Zeta was organized both to encourage sound scholarship among the students of the sciences and, in some measure, to give recognition to the individuals attaining such standards. The active membership is chosen from the junior and senior classes and is limited to students doing work of a superior character in the sciences as well as maintaining a strong rating in all subjects.

The Beta chapter was established at McKendree in June, 1926, with an initial membership of twelve and is enjoying its first year of existence as a campus organization.

STORY OF "THE BOHEMIAN GIRL"

Thaddeus, a Polish exile, seeking concealment from Austrian troops, rescues the small daughter of Count Arnheim of Austria, from an infuriated stag. The grateful Count asks the stranger to join in the festivities about to take pace Thaddeus accepts but refuses to drink to the health of the Emperor. The Count is angered and Thaddeus departs with a band of gipsies. Devilshoof, one of the Gipsies, is imprisoned by the Count, but he escapes and steals Arline, the Count's child.

Twelve years have elapsed. Arline ignorant of her parentage, is happy with the Gipsies. She loves Thaddeus, and is betrothed to him but the jealous Queen plans to separate them.

A grand fair is in progress. Arline is falsely accused of having stolen a medallion belonging to Florenstein, the Count's nephew. She is brought before the Count. He recognizes a scar on her arm and realizes she is his long lost child.

Arline, in her court splendor, cannot forget Thaddeus. They have a secret farewell meeting, but are discovered through the scheming of the Gipsy Queen. The Count is enraged until Thaddeus reveals his true rank. The Gipsy Queen plots to kill Thaddeus but Devilshoof changes the course of the bullet and the Queen is killed. The Count consents to the union of Arline and Thaddeus and all ends happily.

Man's intuition is a species of cunning that tells him whether a certain co-ed must study diligently or not when he asks her for a date.

Since we saw Osborne, our big he-man, trying to decide which of his seven felt hats was the most becoming, he doesn't seem so "he".

Famous last lines:

Hoppe: "I just filled this pen last week."

"Nip" Smith: "The only thing I can't forgive my roommate for is buying clothes that are too small for me."

John Hall: "I got my red cheeks from bending over the kitchen stove."

A MESSAGE WORTH WHILE

Do clothes make the man? It is doubtful whether clothes alone can make any man a success. But at the same time, the man that is well dressed has a decided advantage over the slovenly, neglected looking person.

In these days of hasty judgments and high speed business, first impressions mean a great deal. Your appearance can frequently be the deciding factor for or against you. Meet the world with a smile on your face and with your clothes neat and in good taste. And then you may feel confident that that first impression will be favorable.

For almost fifty years Romeiser's have been rendering this service of correctly clothing men and young men. And they are always ready and eager to render this same service to you.

Alice Classen—"No, sir, it's been too cold to read out side."

Fables

One time there was

A student who never cut a class.
A professor who was always good-humored.
A co-ed who had to use clubs to beat off the men.
Chicken for dinner in Pearson's Hashery for two weeks.
A Soph who had an over-sized allowance.
Hot water.

Poets like Gerlach are born—and there doesn't seem to be any remedy for it.

We know a co-ed who thinks the postmaster is profiteering every time he sells her a postage stamp.

Always take a man who makes love awkwardly, for you may be sure he has had no practice.

We have a philosopher in our midst! Tom Perkins, who does nothing but contemplate the world, says he can readily see why new-born infants are red in the face.

McKendree College is an institution of Learning that has grown venerable as it has progressed in years.—The graduate of McKendree can feel truly proud of his Alma Mater—an Alma Mater that has contributed many of the greatest men in the history of the Middle-West.

Vaudeville Show

Some of McKendree's choicest talent was represented at the vaudeville show given on Homecoming night in the Chapel. The vaudeville was staged by the members of the Junior class for the benefit of the McKendrean, and the various members of the entertainment were drawn from local talent. After the strenuous day of events, the show climaxed McKendree's annual Homecoming. The performance consisted of IX acts each one of which was worthy of comment:

Act I. One Act Play "The Economical Boomerang."
Kink Rippel and his College Players. Kink is gaining quite a reputation with his suberb dramatic power and is almost persuaded to take his company on the road for a season.

Act II. Musical Number—Teague and Hussong.
This duo showed their great talent and versatility as usual.

Act III. McKendree Quartet.
Hussong, Peterson, Brown, and Rippel.
They need no introduction to the student body and the public.

Act IV. Orchestral Presentation.
Brownie and His Kittens.
They have entertained the public on many former occasions.

Act V. The Gayety Girl.
Jewels of the aqua-marine type with hobo tendencies.

Act VI. Musical Number.
Wahl Brothers.
This little act explained the atmosphere of mystery that has always surrounded these two.

Act VII. "A Pair of Lunatics."
Young and Peterson.
So Natural, we wonder————————?

Act VIII. Prof. Hoye and Magic Cans.
Spirits and Mysticism. BRRRRRRRRRRR!

Act IX. Egyptian Quartet.
Culver, Nichols, Jasper, and Horton.
Another of McKendree's products of whom she is justly proud.

Class Fight

One would think our upper-classmen were certain species of the educated cowboy from the veteran way they handled the ropes that night. It all came about this way. The Freshmen had planned their annual party but they were not generous or thoughtful enough (perhaps they didn't know they should) to tell the grown-ups about it. The party was to take place on Saturday night, October 9, (when many of the big, rough boys would not be here to enjoy it). However, the secret-service bureau was working, and before the clock struck 7:30, the cat was out of the bag.

Two certain young ladies helped two timid Freshmen boys take the right street car to Trenton, much to their chagrin, for they were in a hurry to go to the party. Other young ladies reconnoitered the scene of the festivities and were greeted most cordially with bouquets of brickbats and bottles and a deluge of water, while the big heroes of the hour were divesting themselves of their holiday attire and donning the accoutrements of war.

The war was on. The outposts of the enemy were easily taken and sent to the rear of the lines nicely tied up. An attack centered on the stairway proved successful, and the upper-classmen went over the top amid cheers and vituperations. The next attack centered on the Freshman president, and when taken, he was placed in solitary confinement in a little school-house away out in no-man's-land. One by one the captives, after a hard struggle, were taken from the building and placed under guard. Each prisoner was treated royally, for he received a ride in a great big car out into the country and allowed to hike back. After the battle, every one adjourned to the campus where refreshments were served (at a late hour) and a pond party was held. Thus ended a perfect day.

McKendree College

McKendree College was founded in 1828. It is the oldest college with a record of continuous operation west of the Allegheny Mountains. During the Civil War many colleges were forced to close, but McKendree not only served the educational need but also had a regiment in the Northern Army known as the McKendree Regiment.

The present campus consists of twenty acres. Thirty-nine different varieties of trees some of which are a part of the original forest, offer shade and add to the natural beauty of the place. The College is located in the highest part of Lebanon.

There are nine buildings on the campus. Views of six of these buildings are given in the front portion of this annual. Through the generosity of the late Dr. Benjamin Hypes of St. Louis, McKendree has an enclosed athletic field which includes a two hundred and twenty yard straight-a-way, a quarter mile cinder track a baseball diamond, and a football gridiron.

McKendree confers the degrees of A. B. and B. S. in scholastic work. In conjunction with the college is a splendid Musical Conservatory which confers degrees in either musical theory or public school music. There are four-year courses given in piano, voice, and organ music.

The student activities are numerous and varied. There are literary societies for both men and women. The student body is organized and regulates, in the main, the activities of the student body. This organization meets every Friday morning. There are social fraternities and other organizations which offer a student nearly all the forms of activity which he may desire.

At the next meeting of the North Central Association it is expected that McKendree will be admitted into full membership. This year graduates are to be given North Central standing. McKendree is a "B" class college, but the entrance of McKendree into this Association will give her graduates a standing which has long been desired.
